PRESS RELEASE

The 7th International Conference on
Application of Information and Communication Technologies

AICT2013

Azerbaijan, Baku, 23-25 October 2013
www.aict.info

The The 7th International Conference on Application of Information and Communication Technologies (AICT2013) will be held in Azerbaijan, Baku on the 23, 24 and 25th of October 2013. The AICT2013 Conference will build on the success of the previous conferences, which were held in Baku, Tashkent and Tbilisi

AICT2013 is co-organized by Ministry of Communication and Information Technologies of Azerbaijan, Ministry of Education of Azerbaijan, Qafqaz University, Baku State University, Institute of Information Technology of ANAS and Information Technology Internationalization Research Center (Korea) with support of IEEE Azerbaijan Joint Chapter and technically sponsored by Institute of Electrical and Electronics Engineers (IEEE). AICT2013 will offer oral, poster sessions, keynote speeches, tutorials and, professional meetings. Submitted papers are expected to cover state-of-the-art technologies, theoretical concepts, standards, products implementation, ongoing research projects as well as application issues of the ICT. In the previous AICT was joined by hundreds of participants from many countries including Azerbaijan, Uzbekistan, Sweden, Canada, China, Finland, United States, Turkey, Japan, Russia, Georgia, Romania, Iran, ...

AICT2013 conference is focused on topics that include, but are not limited to:

- Latest Trends in ICT Application
- Big Data Management and Application
- Data Mining and Data Engineering
- Cyber Security Issues
- Communication, network and hardware
- ICT in Business Administration, Finance and Economy
- ICT in Governance and Government Policy Making
- ICT in Education, Humanities, Social Sciences and Research
- ICT in Medicine and Health Care

Several satellite events will be held in the framework of AICT2013 International Conference. Some of them:

- The 6th International Information Security Research Consortium (IISRC) Meeting
- The 27th Computer Engineering Department Chairs' Summit 2013
- Information Technology Promotion in Asia (ITPA 2013) workshop on Smart ICT

The AICT2011 is expected to be one of the most significant international academic conferences in the field of ICT implementation, which draws together researchers, academics, practitioners around the world to exchange, reveal and promote the latest advances and technologies in regards of the Application of Information and Communication Technologies (ICT) in Education and Research, Business and Administration, Industry, Governance, Health Care, Humanities and Social Sciences. Building on the success of previous conferences that were held in Baku, Tashkent and Tbilisi, AICT2013 will be the unprecedented and most spectacular event in ICT-related conference history hosted by Azerbaijan for its high level and the large size of participation.

Researchers, practitioners and distinguished speakers are invited to submit a paper and/or to make proposals of original research speeches addressing business and technical issues, challenges, solutions, and technologies in building applications, complete solutions and ICT-based services.
